Ignitia operates on Windows® or Macintosh® operating systems. The minimum system requirements to effectively run Ignitia are as follows:

PDF Reader

Adobe Reader version 9 or higher (Reports in Ignitia can be generated as a PDF file.)

Supported Browsers

- Google Chrome version 40 or higher
- Firefox version 28 or higher
- Internet Explorer version 10 or 11 (For users of Internet Explorer on Windows 8, Ignitia must be operated in the Desktop version of Internet Explorer.)
- Safari version 7 or 8

*Please note: Multimedia rendering Adobe Flash® Version 11 or higher is required to be installed and working properly or the program will not display video, sounds, or other media.

Network Considerations

- Passwords: Disable features that automatically save passwords.
- Disable AutoComplete, as it often looks like a list of answers from which to choose.
- Caching: Enable caching, but set browsers to clear the cache when closed.
- JavaScript: JavaScript must be enabled for pages to render correctly.

Filtering *.glynlyon.com, *.sooschools.com, *.ignitia.com, and *.speechstream.net must be added to the whitelist of any filtering, proxy, or firewall programs/servers in use.
